

# LASERJET BARCODE FONT SOLUTIONS

**Produce barcodes, checks, signatures, branded marketing materials—even print IBM IPDS data streams—all with your existing HP LaserJet. Keep sensitive printing in-house to enhance security and control costs.**

## **Boost versatility—print a wide variety of fonts.**

- Print barcodes that can be used to better manage inventory, monitor sales and keep track of business forms.
- Produce checks with digital signatures, plus add customized logos to checks and other branded business documents.
- Get more from your printer—print IBM IPDS data streams and everyday business documents from the same machine.

## **Create consistent, customized business materials.**

- Customize barcodes for several different management uses and scale them to almost any size you need.
- Print checks with custom signatures and uniform logos, and use the same brand identity to create marketing materials.
- Produce consistent reports from IBM IPDS data streams generated by AS/400-i series IBM power- and mainframe-systems.

## **Create specialized print materials in-house.**

- Manage your business with confidence—control and track products and business forms with barcodes.
- Count on a secure check printing solution when you print fixed routing numbers and signatures from the office.
- Build a consistent brand identity. Use custom logos and images in all your printed marketing materials.
